Happy Holidays to all Village Green residents. As the year draws to a close, I’d like to congratulate Village Green on its involvement and passion regarding the different issues the board has proposed. I feel that the board’s accomplishment for the past year, has been proactive thinking and action on a number of issues that have been on the back burner in the past and became forefront issues this year. I would like to thank my board for their support and hard work over the past 12 months. As for myself, I look forward to the day when I pass the torch on to a new president. I understand now why the presidency is a one year term! Thank you to whoever decided that!

The result of the election to increase homeowner’s dues to $300 is that it didn’t pass. The board will tackle a smaller increase in 2008… due to the fact that it’s been difficult to cope with rising costs across the board. The homeowner’s association dues of $225 are simply not enough to take care of Village Green on an annual basis, or insure that long-range capital improvements are properly funded.

I believe that every member of the board has an agenda when they decide to join. My agenda was that I wanted to do my small part in the history and decision-making of Village Green. I would strongly urge those of you who were vocal over the past year about different issues in Village Green to step forward and involve yourselves with the politics of Village Green. We have several openings for the 2008-2009 term, and really need passionate volunteers to help steer the future of Village Green. If you have any questions about the duties of the Vice-President, Secretary, Treasurer, Assessments, and Clubhouse pool coordinator, please call the person currently in that position to get more information.

Wishing you all a happy, healthy and blessed 2008.

Sincerely,
Cindee Miller

ADOPT-A-TREE

The Board has initiated an “Adopt-A-Tree” program to replace, with dogwoods, trees that have died in the village, primarily on the medians on Old Colony Parkway. A commemorative plaque will be placed at the base of each tree in the same way as throughout Campbell Station Park and the trees will be guaranteed for one year from planting. If you are interested in donating one of these trees, please contact Susie Cataldi at 966-4677.
