**VILLAGE GREEN SWIM TEAM SIGN**

Calling all Gators! The Village Green Gators are excited about our upcoming 2014 season! This year we are implementing a brand new web site which allows us to conduct all registration processes online and process both electronic and check-by-mail payments. This online registration is from March 30th until April 12th (including receipt of payment) for returning swimmers and any grandchildren and children of VG residents current with HOA assessments. If your swimmer is of 5 – 18 years of age by May 31, 2014, we would love to have them on our team!

Please let your family and friends outside the Village know there may be openings on the swim team. They can contact Anne Martin at annemartin@hotmail.com to inquire (with child’s name, birthdate, swimming experience, and contact information).

The swim season begins May 27 with Head Coach Stephen “Boogie” Langdon and consists of 8 meets, various team building activities, and an awards banquet celebrating the accomplishments of every swimmer. Practices are held every morning Monday – Friday at the Monticello Pool.

Registration fees are $160 for the first VG resident swimmer and $135 for additional swimmers in the family.

Please contact Joanne Wingard at jhwingard@charter.net or 406-9442 if you are interested in registering and would be new to the team. An email with more information about registration and the new web site will be sent to you. (Returning team members will automatically receive this email.).

**It’s Dogwood Arts Time in Village Green.**

Now is the time to begin preparing for the annual Dogwood Arts Festival. Village Green has a wonderful trail through our neighborhood and we take pride in this honor. There will be numerous groups traveling the trails this year and we want to look our best. If your home is on the trail and have any questions about how you can improve your curb appeal the Garden Club would love to help. You can contact Sandy Dean at 966-8356.

**Gardening/Landscaping**

Now is the perfect time to remove your winter mulch. Sow hardy vegetables such as peas, onions, and spinach. Cut back killed stems of crepe myrtle. Perennials should be lifted and divided. Day lilies should be transplanted or divided as soon as new growth appears. Roll and rake lawns to level mounds caused by freezing and make early application of fertilizer and lime of the latter is needed. Do not get lime on acid-loving plants such as hollies, azaleas, and rhododendrons. Mowing can be started after grass has reached a height of two inches. Prune roses and start weekly spray treatment as well as fertilizing. Plant bare-root roses. Put 1 1/2 inches of compost material on all garden areas before turning to plant. Remove dead wood from all trees. Prune flowering shrubs after blooming.
